

Taylor Suess, P.E.

Mechanical Engineer

Mr. Suess has been involved in projects as a designer in all three major MEP disciplines (HVAC, plumbing, and electrical). His experience includes multi-family residential, educational, office, warehouse, showroom, sales, and mixed-use facilities, among others. He has experience with "Green Building" and other energy efficiency compliance requirements for a variety of building certifications. In his time in industry, he has developed skills in design using a variety of software packages, including AutoCad®, Revit®, and other building analytical models. Mr. Suess graduated from South Dakota State University with a Master of Science degree in 2015, where his research expertise was in the use of Computational Fluid Dynamics (CFD) modeling for analysis of building, agricultural, and biomedical systems.

EDUCATION:

BSME, South Dakota State University, Brookings, SD 2014
MSME, South Dakota State University, Brookings, SD 2015

REGISTRATION:

South Dakota

EXPERIENCE:

2018 – Present Associated Consulting Engineering, Inc. – Sioux Falls, SD
2016 - 2018 CJD Engineering – Springfield, MO

PROFESSIONAL INVOLVEMENTS:

American Society of Heating, Refrigerating & Air Conditioning Engineers
American Society of Mechanical Engineers
